**ILLUMINATE
FEAT. DEGS**

*When you're down you wanna bend time
Every decade is a deadline, Need acceptance on the inside
Love and reason when they collide
Offer hope in which we confide
The evidence will surface in the signs*

*Find yourself
If you ain't done this in long
It don't mean your chance is gone
Remind yourself
That the journey's just begun*

*Illuminate like the northern lights
Like the northern lights
Illuminat like the northern lights
Like the northern lights
Illuminate*

*When you're down you wanna bend time
Every decade is a deadline
Need acceptance on the inside
Love and reason when they collide
Offer hope in which we confide
The evidence will surface in the signs*

*Find yourself
If you ain't done this in long
It don't mean your chance is gone
Remind yourself
That the journey's just begun
Illuminate like the northern lights*

*When you're down you wanna bend time
Every decade is a deadline,
Need acceptance on the inside
Love and reason when they collide
Offer hope in which we confide
The evidence will surface in the signs*

*Like the Northern Lights
Illuminate*

**SHINE ON THROUGH
FEAT. MOUNTAIN &
KARINA RAMAGE**

*Shine on through shine on through shine on through shine on through
Shine on through shine on through shine on through shine on through*

*Finally this weight is off my shoulders
Suddenly I'm feeling so much better
I wish I had a way to see it through
But now that I know there's nothing I can't do
Since I've noticed, your powers up to you
Being stronger*

*I can climb those mountains
And I can fight those demons
I'll be faster and stronger
And shine on through*

*Shine on through shine on through shine on through shine on through
Shine on through shine on through shine on through shine on through*

*It's all for the best
A lesson in my wisdom is
That life is a test
And it's testing you*

*It's all for the best
A lesson in my wisdom is
That life is a test
And it's testing you*

*I can climb those mountains
And I can fight those demons
I'll be faster and stronger
And shine on through*

*I can climb those mountains
And I can fight those demons
I'll be faster and stronger
And shine on through*

*Shine on through shine on through shine on through shine on through
Shine on through shine on through shine on through shine on through*

**LIVING FOR
FEAT. PAUL T &
EDWARD OBERON**

*Let me tell you something
You're everything to me
You don't owe me nothing
this is where I wanna be*

*Stay with me until dawn comes
I will be the only one
As we grow, I love you more
That is all, we're living for*

*Let me tell you something
You're everything to me
You don't owe me nothing
this is where I wanna be*

*Let me tell you something
You're everything to me
I don't need nothing
this is where I wanna be*

*You're everything to me
Let me tell you something
You're everything to me*

*Stay with me until dawn comes
I will be the only one
As we grow, I love you more
That is all, we're living for*

So it's a...*

*Mor-ning Sun-rise!
Mor-ning Sun-rise!
I said it's a beautiful morning sunrise
Morning sunrise
If I ever heard you say yeeecaaahhh*

*Flowers will bloom in the Spring
It seems like
Everything nature can bring
or it seems so*

*Life will go on or
So they say
And it will bring on another day
So it's a...*

*Mor-ning Sun-rise!
Mor-ning Sun-rise!
Mor-ning Sun-rise!
If I ever heard you say yeeecaaahhh*

*Mor-ning Sun-rise!
Mor-ning Sun-rise!
Mor-ning Sun-rise!
Mor-ning Sun-rise!
If I ever heard you say yeeecaaahhh*

*Hello, Morning, You look good

SHOW ME HOW YOU FEEL
FEAT. LORNA KING

*Only love can ease our pain
And deep in the dark we hold a flame
We're losing sight of who to blame
Can we get that beat in our heart again*

*And give, give it all
If the love is real, show me how you feel
Can we give, give it all
If the love is real, show me how you feel, if the love is real*

*So much pressure, let's talk about it
We ain't gotta justify our loving
I know we'll survive it, I know we'll survive it yeah*

*And give, give it all
If the love is real, show me how you feel
Can we give, give it all
If the love is real, show me how you feel, if the love is real*

MERCHANT BLESSING
FEAT. MC CONRAD

*my feelings my meanings my secrets my feelings my meanings my secrets my
feelings my meanings*

*Just Sail away
Sail-away Sail-away
Let your soul travel far
They don't know where you are
And you will find your way
Sail-away Sail-away
Let your inner spirit reach for a star
Let'em dig deep to find just who you are*

*Sail away
Sail away
And rest your weary soul
Come on let it go
The others will find their way
find their way
They'll discover mysteries will unfold
there's storm about to roll*

*You was warned, you was told
You was warned, you was told*

*You may not like how I roll
Future funk future soul and..*

*Some may scorn how I flow
Futuristical Rock 'n' roll there's..*

There's something I want you to know

*We give you progression and
Positivity so freely
That's how we
Made it all look so easy*

*All my feelings my meanings my secrets my deepest unseen
My weakness my peace and my highs and my hopes and my dreams
All my feelings my meaning my secrets my deepest unseen
My weakness my peace my highs and my hopes and my dreams*

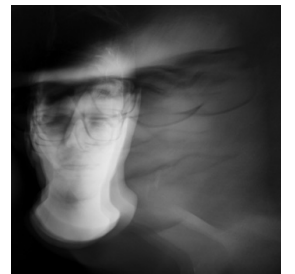

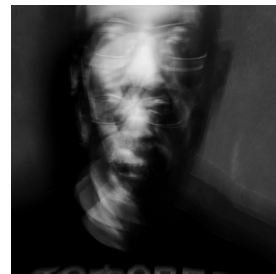

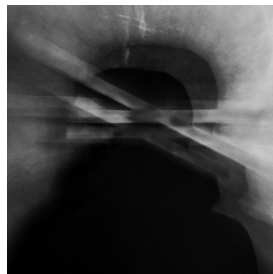

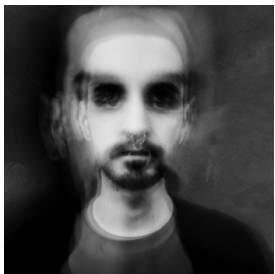

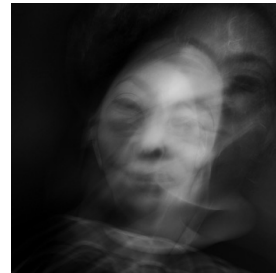

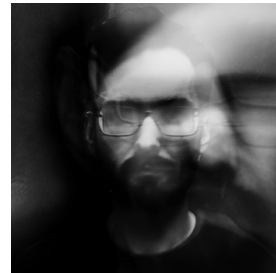

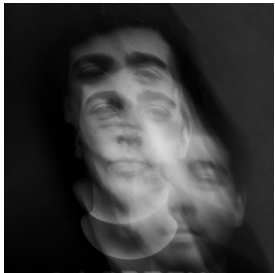

*Digging in my deep end
like so called trendy friends you fair weather at the weekend
With so many turns on Bends too many moving parts
turn passion into pounds in exchange for art
But it tears lives apart some wage a heart on it
Suddenly part of the poison
You was rhythm smitten knitting paths to avoid the plague
Somebody spilt the inkwell
ruin the first page*

*That trusts we built failed Them files are unsaved
Midas ship sailed rocket thrusts engaged
You're blessed, That crew name should last you a lifetime
The concepts for free, i vision them in my spare time
The way that we behave we are blessed that we are unscathed
Innocent are unnamed the guilty go unshamed
No points for games played on divided teams
It's all good it's all bless I wish you well in my dreams
(My dreams)*

*about the management, The label, gigs fame the agent
Just hold tight be patient it's all there in the making
Unjustified hesitation Ignited with your frustration will never make good relations
what I'm telling you's deep
I could be ripping it kicking it tearing strips of it
Bunnin it whilst I am roasting it
Bigging it up and bosting
when all I want the most is you too know that there is a lesson in the journey that
we've been on and my kindness ain't weak*

*You was warned, you was told
You may not like how I roll
Future funk future soul
Some may scorn how I flow
Futuristical Rock 'n' roll
There's something I want you to know
We give you progression and
Positivity so freely
That's how we
Made it all look so easy*

*All my feelings my meanings my secrets my deepest unseen
My weakness my peace and my highs and my hopes and my dreams
All my feelings my meaning my secrets my deepest unseen
My weakness my peace my highs and my hopes and my dreams*
